ST. PETER'S HOSPITAL.

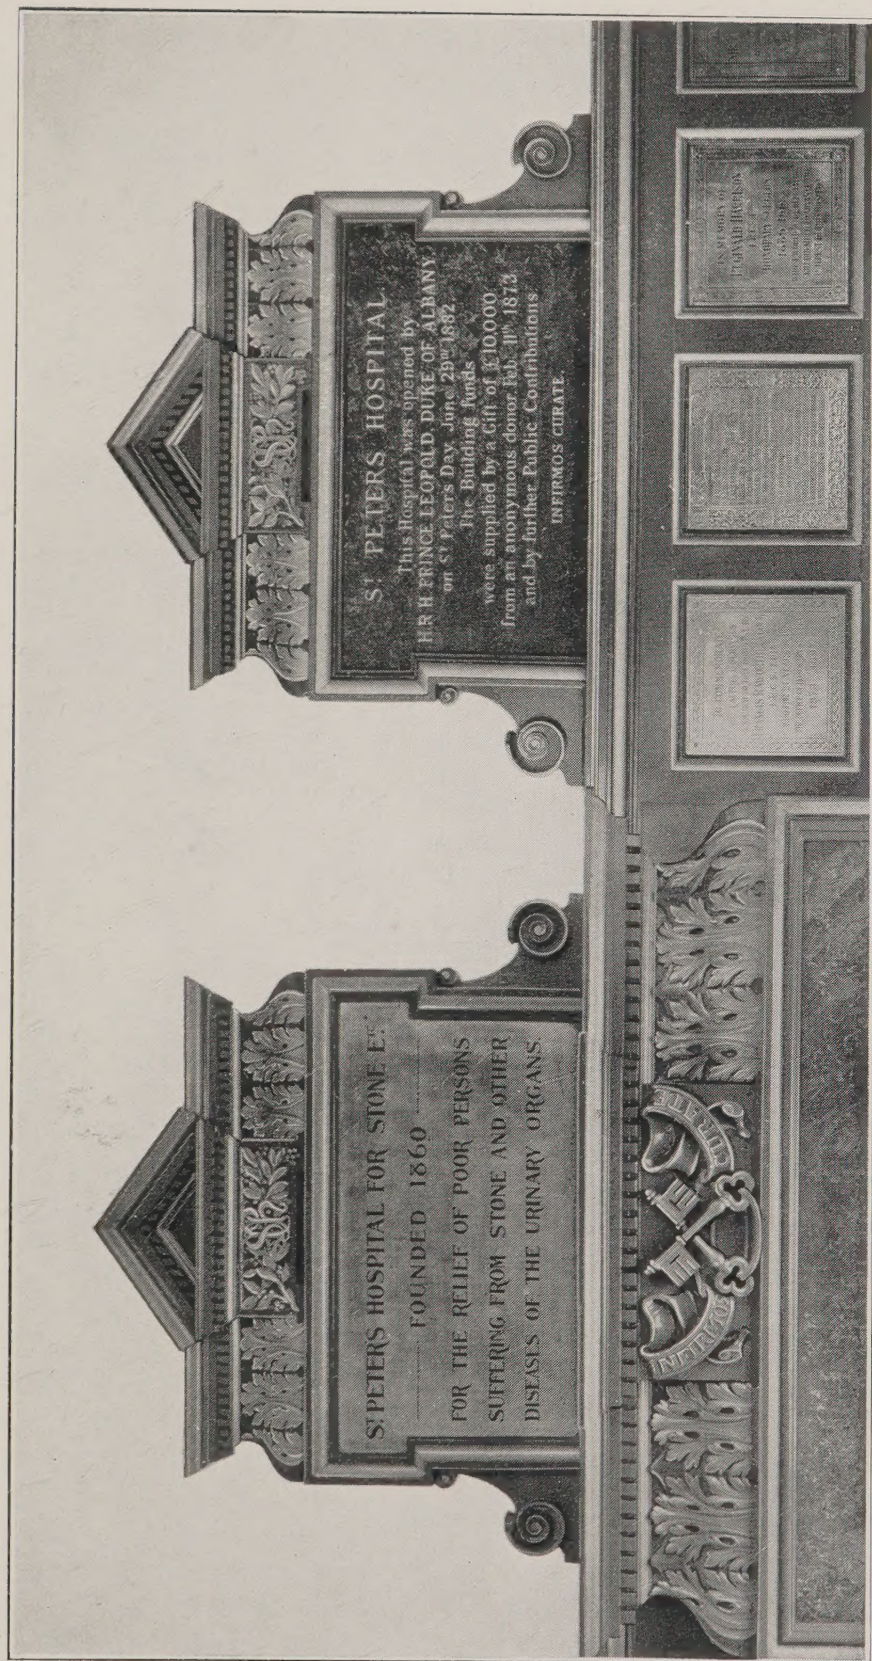

OBJECTS FOR WHICH ESTABLISHED.

St. Peter's Hospital is intended for persons of both sexes suffering from Stone in the Bladder and other diseases of the genito-urinary organs. Its objects are—

First.—To benefit as large a number as possible of suffering poor by affording them, without a letter of recommendation, the advantages of hospital accommodation.

Second.—To improve Medical and Surgical knowledge on this special subject, by bringing together a large number of patients afflicted with these diseases, and thus affording opportunities for observation and classification.

Third.—In persons suffering from Stone: to investigate the best means of accomplishing its removal with the least possible danger to the life of the patient, and whenever practicable to substitute Litholapaxy for Lithotomy.

MEMORIAL TABLETS IN THE HALL.

A VIEW OF EDWIN FOX WARD.

REPORT

OF THE

COMMITTEE OF MANAGEMENT

TO THE GOVERNORS AND SUBSCRIBERS

For the year ending 31st December, 1931.

MY LORDS, LADIES AND GENTLEMEN,

The Committee of Management are glad to report that the scheme of reorganisation commenced in August, 1929, was nearly finished at the end of the year, the building being thoroughly reconstructed and the Hospital efficiently equipped in all its departments. Grateful thanks are due to Mr. H. Edmund Mathews, F.R.I.B.A., the Honorary Architect, for the immense amount of trouble and care he has expended in drawing up and supervising the detailed scheme, and he is to be congratulated on overcoming many difficulties and bringing the work to a successful conclusion.

Edwin Fox Ward.

The Committee feel confident that Governors will cordially approve of their decision to name the new ward "EDWIN FOX," to perpetuate a wonderful record of long and devoted service to the Hospital. Mr. Edwin Fox joined the Board of Management in March, 1881, the year before the Hospital was removed to the building opened in Henrietta Street in 1882, and for the past 25 years has acted as Chairman of the Committee.

Occupation of Beds.

In consequence of the building operations an average of only 21·4 beds (including emergency couches) could be maintained, in place of the normal number of 32. Of these, 21·08 were in daily occupation, and 483 patients were admitted to the wards during the year.

The Committee wish to place on record their appreciation of the efforts made by the Surgical, Nursing and Administrative Staffs during the very difficult two and a-half years of reconstruction. By close co-operation it was possible to keep open an average of 24·5 beds for the entire period, 24·1 being occupied daily, and great credit is due to the Members of the Staffs who made the necessary arrangements, and carried out their work under most inconvenient conditions. Full statistical details will be found on pages 16 and 17.

Changes in Resident Staff.

During the year Mr. L. M. Park, F.R.C.S., and Mr. Arthur M. Lazarus, F.R.C.S., completed their terms of office as Resident Surgical Officer and House Surgeon, and Mr. John G. Sandrey, F.R.C.S., and Mr. H. I. Deitch, F.R.C.S., were appointed in succession.

Changes in Honorary Staff.

The Committee of Management deeply regret to announce the resignation of Sir John Thomson-Walker from the Honorary Surgical Staff of the Hospital in consequence of his retirement from active practice. He was first appointed on the Staff in 1901 and has held the post of Surgeon since 1919. The present efficiency and prestige of the Hospital are very largely due to Sir John's distinguished work, and a deep debt of gratitude is owing to him for long and untiring services, both as a surgeon and an administrator. Fortunately, he has consented to accept

the Office of Consulting Surgeon and to retain his seat on the Board of Management, so that the Hospital will still continue to benefit by his wide experience and great influence. To fill the vacancy thus caused, Mr. F. J. F. Barrington, M.S., F.R.C.S., who was appointed an Assistant Surgeon in 1921, was advanced to the Office of Surgeon.

Wireless Appeal.

On January 11th Sir Ernest Wild, K.C., delivered an eloquent broadcast appeal on behalf of the Hospital from the Studio at Savoy Hill, by kind permission of the British Broadcasting Corporation. There was a splendid response, the sums received amounting to nearly £1,600. The Committee are very grateful to the British Broadcasting Corporation for the opportunity given to Sir Ernest Wild for his most effective address, and to those kind donors who responded so generously and promptly to his appeal. The number of contributors exceeded 7,000, and it is hoped that many of them will take a permanent interest in the Hospital and continue to give it their support.

The Ladies' Association and Linen League.

In addition to valuable assistance given to necessitous patients requiring instruments or convalescent treatment, the Ladies' Association continued to work most enthusiastically in the interests of the Hospital. Their contribution of £475 to the Building Fund came at a very opportune time, and, together with their former contribution of £700, completed the cost of equipping the new X-Ray Department. The Linen League provided a large number of articles for use in the wards and operating theatre, which were most useful and acceptable.

The Committee of Management take this opportunity of expressing their grateful thanks to the Ladies' Association and the Linen League for their generous help and co-operation.

Bequests.

A further generous contribution of £1,000 was received from the Executors of the Estate of the late Mr. William Shepherd, to cover the cost of establishing the new Nurses' Home at No. 10, Henrietta Street. The Committee are most grateful to Sir Percy Shepherd for his continued interest in the work of the Hospital and for having so kindly influenced his co-executors.

Income and Expenditure Account.

While greatly regretting to report a deficiency of £1,695 in the Income and Expenditure Account for 1931, the Committee feel that it is very misleading to draw comparisons between the accounts for 1931 and those of previous years, as the progress of the reconstruction begun in 1929 necessitated the closing of a large proportion of beds, including the paying ward. The new departments, which were completed in the earlier stages of the programme, though vitally necessary to the reorganised Hospital, inevitably involved heavy overhead expenditure at a time when income was decreasing, partially owing to the reduced number of beds available. In this respect 1931 was even more difficult than 1930, for, during a period of five consecutive months it was not possible to have more than 18 beds in use. In 1932, however, this difficulty will be overcome, and, with the full complement of 39 beds, including the new paying ward, available for the admission of patients, it will be possible to carry on the work of the Hospital on normal lines, under improved conditions and on a scale nearly 25 per cent. larger.

There was a reduction of £255 in subscriptions and donations, but, in view of the world-wide depression, the Committee are very thankful to have received such a substantial total as £3,187, more especially as separate donations amounting to £3,607 were made to the building fund, making the total charitable contributions received during the year nearly £7,000. No paying

patients were admitted, and the voluntary receipts from general ward patients and their societies decreased owing to their reduced numbers. Receipts from legacies, a form of income which necessarily fluctuates, were rather above the average.

Expenditure increased by £138, but the Governors may rest assured that every economy was exercised in the administration of the Hospital's affairs. In future years, when the difficulties arising from the period of reconstruction have passed, it is hoped that it will be possible to make the normal receipts balance the ordinary expenditure, and allow funds received from bequests to form a reserve for development in years to come.

Appeal for Funds.

When the full liability for the work of reconstruction is ascertained, and taking into consideration the accumulated deficiency in the Receipt and Expenditure Accounts, it is anticipated that approximately £20,000 will be required to free the Hospital from debt. The Committee of Management are considering the most suitable manner and opportune moment for inaugurating a general appeal for funds. An exceptional opportunity is presented by the fact that 1932 is the Jubilee Year of the opening of the Hospital's present building in Henrietta Street, but it will be necessary to make very careful plans, as the task of obtaining support from the general public is rendered unusually difficult by the universal financial stringency existing at the present time.

The Committee hope, however, to be in a position to launch the appeal at an early date, and, in the meantime, they have every faith and confidence in the generosity and kindly influence of a widening circle of friends, who appreciate the great work of healing and teaching carried on at St. Peter's.

EDWIN FOX,
Chairman.

21st March, 1932.

ST. PETER'S HOSPITAL—Income and Expenditure Account for the Year to 31st December, 1931.

We have examined the above Balance Sheet, also the accompanying Income and Expenditure Account, and in our opinion they are properly drawn up so as to exhibit a true and correct view of the affairs of the Hospital as shown by the books of the Hospital. We have also verified the cash balances and the investments by Certificates from Bankers. To the best of our knowledge and belief, the regulations of the Revised Uniform System have been followed.

Total Cost ..	2,658	31.29	422.6	28.98	394.3

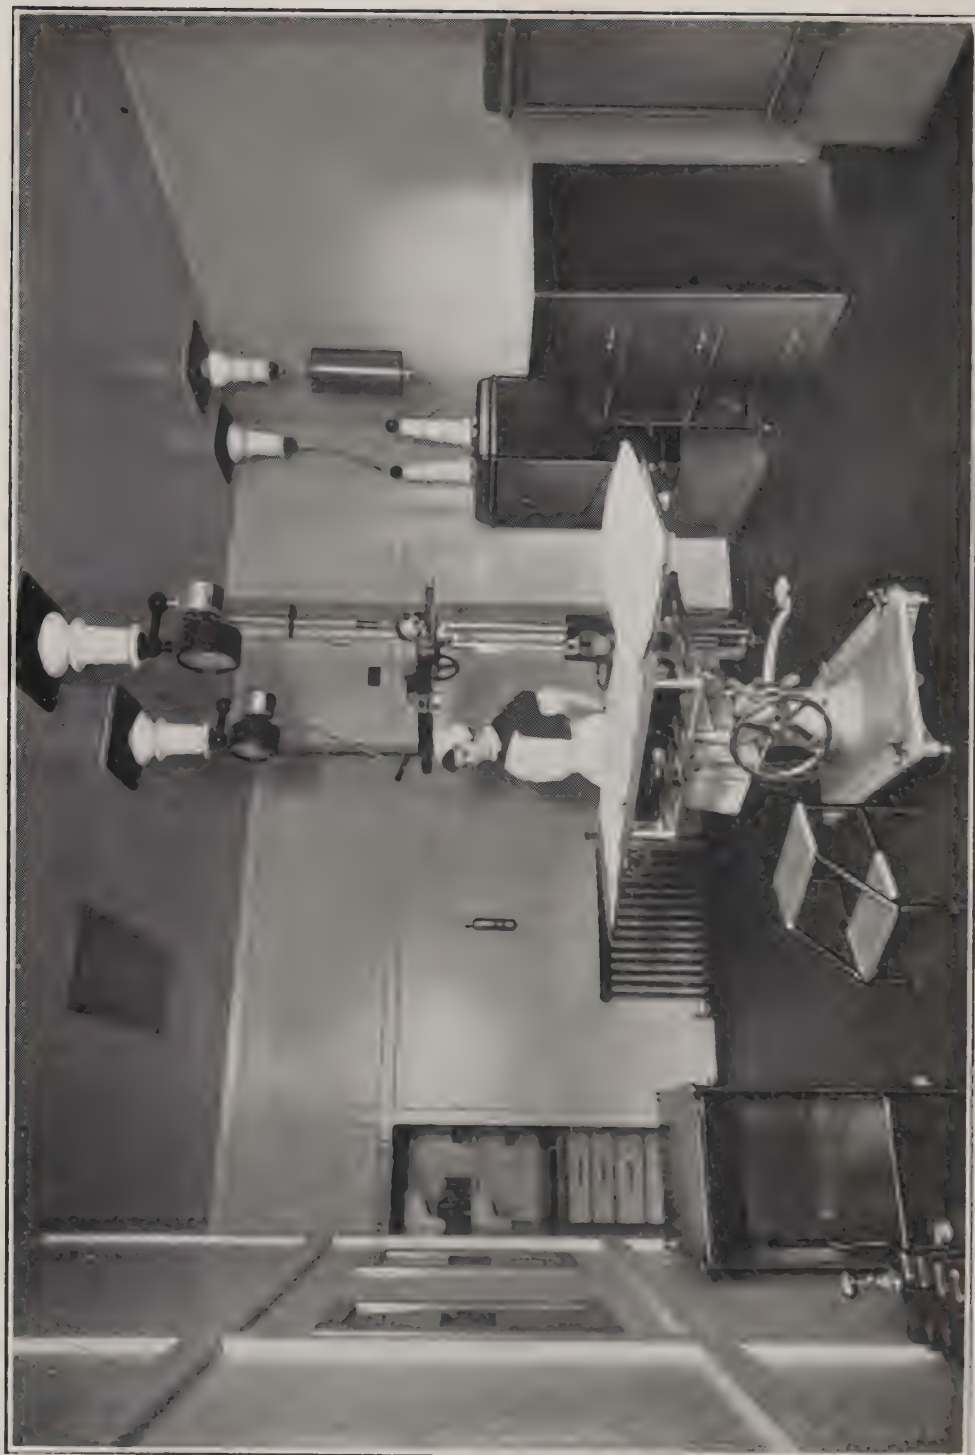

NOTE.—Owing to the work of altering the building, only a limited establishment of beds has been available, with a corresponding reduction in number occupied daily, and attendance at the Out-Patient Department has been similarly affected. Expenditure includes the greater proportion of the entire overhead costs anticipated in the fully re-organised Hospital, which makes comparison between 1931 and previous years misleading. The work of alteration was completed in January, 1932, when the full establishment of beds (39) became available.

Past and Present Surgeons to the Hospital.

SIR SPENCER WELLS, BART., F.R.C.S.	1860-1862.
ARMSTRONG TODD, Esq., F.R.C.S.	1860-1866.

THE OPERATING THEATRE.

THE X-RAY DEPARTMENT

THE HONORARY SURGEONS to the Hospital are in attendance as follows :—

Operations—

Monday, 2	Mr. SWIFT JOLY.
Tuesday, 2	Mr. BARRINGTON.
Thursday, 2	Mr. OGIER WARD.
Friday, 2.30	Mr. CLIFFORD MORSON.

Out-Patients—

Monday, 2 to 5	..	Mr. JOHN SANDREY
Tuesday, 2 to 5	..	Mr. ALBAN ANDREWS.
Wednesday, 2 to 5	..	Mr. OGIER WARD.
Thursday, 3 to 7	..	Mr. F. J. F. BARRINGTON.
Friday, 9.30 to 11.30		Mr. OGIER WARD (Women and Children only).
„ 3 to 6	..	Mr. ALBAN ANDREWS (Male Out-Patients).
Saturday, 2 to 6	..	Mr. JOHN SANDREY.

Honorary Medical Officer in charge of the V.D. Department,
MR. A. H. HARKNESS, M.R.C.S., L.R.C.P.

Attendance :

Monday, Wednesday, Thursday and Saturday, 5 to 7 o'clock

The attendance of Practitioners and Students is invited at any of the above times, with the exception that the only out-patient clinic open to Medical Women is that held on Friday afternoons for women and children.

SURGICAL REPORT

1931.

DURING the year 1931, 483 patients were admitted. This is a decrease of 46 on last year's figures, which is due presumably to a reduction in the number of available beds while alterations to the Hospital were effected.

Operations totalled 389—a decrease of 29 on the previous year's figures. The number of deaths was 29 ; 8 of these cases were not submitted to operation, making the operative mortality slightly over 5 per cent.

DISEASES OF THE PROSTATE.

One hundred and sixty-six cases of prostatic disease were admitted. Of these, 75 were for uncomplicated benign enlargement, and 64 for enlargement, complicated by an associated condition. There were 18 admissions for carcinoma of the prostate and 6 for prostatitis, acute or chronic. Of this number, 157 cases were submitted to operation, with 14 deaths.

The details of operative mortality are as follows :—

Prostatectomy, for benign enlargement.

(a) Uncomplicated ... 84 cases, with 8 deaths.

(b) Complicated ... 35 „ 2 „

In addition, 17 patients were relieved by suprapubic Cystotomy, with one death.

The complications operated on simultaneously were :—

(1) Prostatic calculi 4 cases.

(2) Vesical calculi 9 „

(3) Vesical Diverticulum 5 „

(4) Suprapubic Fistula 11 „

(5) Bladder Growth	4 cases.
(6) Chronic Vesiculitis	1 „
(7) Urethral Stricture	1 „

Three cases of post-prostatectomy obstruction were treated by open operation.

Carcinoma of Prostate.

Four cases were treated by Radium, one by the perineal and three by the suprapubic route. In eight cases prostatectomy was performed, with one death. Suprapubic cystotomy was performed in two cases. Division of the Presacral nerve was performed in one case for relief of intolerable pain.

Amongst the causes of death were :—Pyelonephritis 3, Ileus Paralyticus 1, Pulmonary Embolism 3, Massive Collapse of the Lung 1, Myocardial Degeneration 1, Pyæmia 1, General Peritonitis 1, Hypostatic Pneumonia 1.

DISEASES OF THE BLADDER.

There were 126 admissions for Disease of the Bladder, of which 33 were for papilloma, 58 for carcinoma, 19 for vesical calculus, 4 for vesical diverticulum, and 6 for suprapubic fistula.

Vesical Carcinoma was treated by :—

- (1) Partial Cystectomy in 14 cases, with 2 deaths.
- (2) Suprapubic Cystotomy in 2 cases.
- (3) Suprapubic Cystotomy and radium in 8 cases, with 1 death.
- (4) Suprapubic Cystotomy Diathermy and Radium in 5 cases.

Presacral neurectomy was performed in one case for the relief of pain, with a satisfactory result. Papillomata were chiefly treated by fulguration. Two cases of Papillomatosis associated with severe hæmorrhage were admitted. These were treated by open diathermy and blood transfusion (with one

death from Cerebral Thrombosis). Litholapaxy was performed in 12 cases.

DISEASES OF THE KIDNEY AND URETER.

One hundred and twenty-six cases were admitted, 12 being for renal calculus, 15 for ureteric calculus, and 18 for renal tuberculosis. There were also 15 cases of hydronephrosis, 5 of pyonephrosis, and 1 of new-growth. Four cases of polycystic disease and 1 of horse-shoe kidney were admitted for investigation. Sixty-four cases were operated on, with 3 deaths. Nephrectomy was performed in 15 cases, with 1 death.

Ureterolithotomy was performed in 9 cases, with 1 death.

Pyelolithotomy was performed in 4 cases, with no death.

One case of calculus anuria was admitted.

DISEASES OF THE PENIS AND URETHRA.

The number of admissions was 45. There were 22 cases of urethral stricture, 6 of phimosis, 1 of carcinoma of penis, and 2 of hypospadias, and 1 of traumatic rupture of the urethra. There were 40 operations, with no death.

Internal urethrotomy was performed in 18 cases and external urethrotomy in 5. The case of carcinoma of the penis admitted was treated by radium.

DISEASES OF THE TESTIS AND EPIDYDIMUS.

Fourteen cases were admitted and 13 operations were performed. There were 7 cases of hydrocele, 2 of hæmatocele, 2 of tuberculous disease, and 1 of new-growth. Radical cure of the hydrocele was performed in 7 cases and orchidectomy was performed in 5 cases.

MISCELLANEOUS.

Four cases were admitted and received treatment as shown in the following table.

JOHN SANDREY,
Resident Surgical Officer.

THE LECTURE ROOM AND MUSEUM.

A GLIMPSE OF COULSON WARD.

ADMISSION OF PAYING PATIENTS.

The following accommodation is available for paying patients, who may be admitted for surgical treatment by members of the Honorary Staff :—

Male patients ... Two single-bed wards and seven curtained cubicles in Edwin Fox Ward.

Female patients ... Two curtained cubicles in Coulson Ward.

The charges for maintenance, which are inclusive of all hospital service, are five guineas weekly for cubicles and eight guineas weekly for rooms, with *pro rata* charges for broken periods.

The Surgeons are permitted to charge a reduced fee for their professional services, any payment arranged including minor fees due to the Resident Surgical Officer, Anaesthetist, Pathologist and Radiologist.

The Secretary will be glad to furnish further information on application.

REGULATIONS.

1. ST. PETER'S HOSPITAL is intended for persons of both sexes suffering from Stone in the Bladder and other diseases of the genito-urinary organs. Its object is—

First.—To benefit as large a number as possible of suffering poor by affording them, without a letter of recommendation, the advantages of hospital accommodation.

Second.—To improve Medical and Surgical knowledge on this special subject, by bringing together a large number of patients afflicted with these diseases, and thus affording opportunities for observation and classification ; and

Third.—In persons suffering from Stone : to investigate the best means of accomplishing its removal with the least possible danger to the life of the patient, and, whenever practicable, to substitute Litholapaxy for Lithotomy.

2. Subscribers of Ten Guineas at one payment, or such as make up their last subscriptions within the year to that sum, are Governors for Life.

3. The Executors of any person who shall have bequeathed a sum of £50 or more to the Institution, and every person who shall have obtained a donation to the Institution to the amount in the aggregate of at least £21, shall be Honorary Governors for Life, with the same rights and privileges as ordinary Life Governors.

4. Subscribers of One Guinea and upwards are Annual Governors.

5. The direction and management of this Charity is vested in the Patrons, President, Vice-Presidents, Treasurer, the Governors for Life, and twelve or more Governors elected annually, who constitute the Committee of Governors, subject to the control of the Governors at large at any General Meeting.

6. No demand upon this Charity exceeding forty shillings shall be paid unless the same has been ordered at a Monthly Meeting of the Committee of Governors, and provided for by a cheque upon the Bankers, signed by at least two Members of the Committee of Governors, and countersigned by the Secretary.

7. An Annual General Meeting of the Governors is held at the Hospital on some convenient day in the month of March or April for the purpose of examining such proceedings of the Committee as have taken place during the past year.

8. The Committee of Governors shall meet on the last Monday in every month, at five o'clock P.M. precisely, or any other hour that the previous Meeting may appoint, to conduct the general business of the Charity, and order the payment of all sums. THREE Members to constitute a quorum. Special Meetings shall be held as often as may be deemed requisite.

9. Every question coming before the Committee of Governors, and every question submitted to any General Meeting of Governors for their consideration and approval, shall be determined by a majority of the Members of the Committee or of the Governors as the case may be present at such respective Meeting. The respective Chairman in each case to have a casting vote in case of equality of votes.

10. All minutes made or resolutions passed at any Monthly or Special Meeting of the Committee of Governors shall be submitted at the next Meeting of the Committee of Governors for confirmation.

11. No new regulation of the Committee of Governors shall pass into law until the same shall have been submitted to a General Meeting of Governors for their consideration and approval.

12. The Committee of Governors shall have the power to appoint to any vacant office that may occur by death or otherwise, and shall have power to co-opt one or more additional members to act for the rest of the current year.

13. At the Monthly Meeting in February, the Committee of Governors shall consider and make out a list of twelve or more proper persons to fill the office of Members of Committee for the current year, to be submitted for the approval of the Annual General Meeting of Governors.

14. The Surgeons must be Fellows of one of the Royal Colleges, or Master in Surgery of a University in the United Kingdom, duly registered, and not practising Pharmacy or Midwifery either alone or in partnership. The appointments being honorary, the Surgeons are *ex-officio* Members of Committee. The age of retirement of the honorary staff shall be 65. Any Member of the Medical Staff who, from illness, is absent from the Hospital for three months shall, before resuming his duties, obtain a medical certificate stating that he is capable of carrying these out.

15. No reward or gratuity is to be taken, directly or indirectly, from any patient, by any person employed in the affairs of this Charity.

PRIVILEGES OF DONORS.

Subscribers of One Guinea and upwards are Annual Governors.

Subscribers of Ten Guineas at one payment, or such as make up their last subscriptions within the year to that sum, are Governors for life.

The Executor of any person who shall have bequeathed a sum of £50 or more shall be an Honorary Governor for life.

Any person who shall have obtained a donation for the Institution to the amount of £21 shall be an Honorary Governor for life.

Any person giving the sum of £50 annually shall have the privilege of naming a bed during that year.

Any person giving £500 shall have the privilege of naming a bed during his or her lifetime.

Any person giving £1,000 shall have the privilege of naming a bed to be maintained during the existence of the Hospital.
